ERH-200

Standard Features

- Quiet 2-Speed Drive
- Lightweight Construction
- Micro-Pendant Control
- Quick-Change Battery Box
- Quick-Change Tooling Mount
- Battery-Charge Meter
- Manual Tooling

Control Box & Pendant

- 200lbs (91kg) Handling Capacity
- Powered Lifting
- Versatile Multipurpose Tooling Designs
- Multiple Base and Lift Height Options
- Ergonomic and Efficient

ERH Manual Tooling Options

Lateral V-Cradle

Horizontal Probe

Frontal V-Cradle

Flat Platform

Swivel V-Cradle

Roll Turner

Probe Cradle

The ERH-200 was designed for lighter duty applications, it has numerous tooling options for a wide variety of uses.

Our sales engineers will gladly help you determine what machine best fits your needs. Use the Quick Application guide below and contact us for assistance!

How To:

1. Determine your initial requirements using the Application Guide to the right.
2. Gather all available information.
3. Contact us with your application information for additional guidance.

Quick Application Guide

Roll Specifications:

- Max. Weight: _____
- Max. Roll Width: _____
- Min. Roll Width: _____
- Max. Roll Diameter: _____
- Rolled Material: _____
- Core Size(s): _____
- Core Material: _____

ERH-400

Standard Features

- Quiet 2-Speed Drive
- Lightweight Construction
- Micro-Pendant Control
- Quick-Change Battery Box
- Battery-Charge Meter
- Up to 4 Powered Functions
- Powered or Manual Tooling

Battery Box

- 400lbs (190kg) Handling Capacity
- Powered Lifting and Tooling
- Multiple Base and Lift Height Options
- Adjustable Lift Height Sensors and Pushers
- Optional Electric Remote Retract

The ERH-400 offers powered tooling options like shaft handlers, outside diameter clamps, and electric turners.

Shaft Handler

OD Clamp

The ERH-400 excels with both powered and manual tooling to handle rolls, shafts, and other materials.

This design is a handling powerhouse equipped to accommodate many applications.

Double E Group was built by innovators who refused to accept limits. That spirit still drives every product we design and every solution we deliver. We keep investing—facilities, equipment, engineering, talent—because excellence isn't a finish line. It's a discipline. A promise. A standard we raise again and again.

Your material handling challenges are our terrain. Our passion is to expertly tackle that terrain with precision and authority to make your path faster, easier and safer.

Across town or across the world, when material handling matters and the margins get tight, you can count on Double E Group to push through what others can't and deliver the solutions that move you forward with confidence.
